

## Introduction

Digantar, established in 1978 as an alternative school in Jaipur, provides completely free education to 186 children across its two schools, serving the local community. We are embarking on a transformative journey to ensure the financial self-sustainability of one of the two Digantar Vidyalayas and to expand our unique self-paced, independent learning approach.

As part of **Vision 2030**, we plan to introduce a model in one of our Vidyalayas where 50% of students will continue to receive free education, while the other 50% will pay fees. Additionally, we are starting a **pre-primary section** at our Vidyalaya and will begin enrolling children aged **3 to 8 years** from **April 2025** onwards.
