## Principal Position at Digantar Vidyalaya Jaipur

### Introduction

---

Digantar, established in 1978 as an alternative school in Jaipur, provides completely free education to 186 children across its two schools, serving the local community. We are embarking on a transformative journey to ensure the financial self-sustenance of one of the two Digantar Vidyalayas and to expand our unique self-paced, independent learning approach. Under Vision 2030, we plan to introduce a model in one of our Vidyalayas where 50% of students will continue to receive free education, while the other 50% will pay fees.
